## **Table Etiquette**

The following rules must be observed in addition to rules given in your player packs:

- a. You must make the enjoyment of your opponent your primary focus. In doing so you will also have a great time as they reciprocate. This is in the same vein as one of our key military traits of “putting your mates first”. This includes the manner in which your Army Lists are chosen. Keep friendly gaming in mind. A game that is over after only a few turns or that is over due to rules loopholes or exploitation is not in the spirit of the event.
- b. Please clean up tables after you have finished your games. This includes resetting any moved terrain and packing up your own miniatures and/or equipment.
- c. No food at the tables. A designated eating area will be provided. This is to protect people’s personal property and terrain.
- d. Sealed drinks or cans are allowed. No open cups. All drinks must use a stubby cooler to protect the game boards, terrain and mats that belong to other people.
- e. Play your games promptly. Deliberate or excessive slow play will not be tolerated. The best way to minimise this is to ensure you have a good grasp of your chosen games rules and the rules of your army/force/fleet.

## **Raffles and Prizes**

The ADFWGA will be hosting some great raffles over the course of the weekend. Involvement in these activities by participants is on a volunteer basis only. All activities are conducted IAW relevant ACT regulations and laws.

## Conclusion

HC 25 is shaping up to be another great wargaming weekend with a large variety of game systems on offer. These events provide an opportunity for wargamers within Defence to get together and make connections, they promote links to local gaming communities and enable ex-serving veterans to re-connect with serving members. The ADFWGA Committee thanks you in advance and looks forward to hosting you at HEROCON 2025 over the weekend of 29 – 30 November 2025.

Cheers and good gaming
